 - The CLASH is crazy! In reality, there are very few enduro bikes on which I feel so comfortable. It's a bit like my FURIOUS, except that it is lighter, more maneuverable and above all, much better. For places like my home in Australia or New Zealand, it's the perfect bike! I have not ridden an aluminium MTB for a few years now and the stiffness of the CLASH is really surprising. First impressions is that it's solid and very easy to handle in corners and in the air. Really, I love this bike!**Remy Morton**For me the CLASH is the perfect bike if you want to do everything with your MTB. It is an excellent downhill, with which one can really have fun, and it does well uphill too. It's a war machine for bike park warriors!**Hugo Frixtal**
