I love the combo of large 29" wheels and small travel. This offers a bike both playful and particularly stable. It is certainly the enduro model that suits me best!Hugo Frixtalona trail bike should be happy to have a go at pretty much anything: capable when the going gets tough, not too much of a handful when the trail is more chilled. It doesn't need KOM-setting climbing capability, but it needs to get to the top without too much pain. Most importantly, it's got to be fun. The COMMENCAL META TR 29 Bnt Edition does it all and that's why it's our 2019 Trail Bike of the Year.**MB UK**
