- Riders Insight
- The build feels good and also allows this bike to be very well placed in terms of price.**BigBike Magazine**At high speed, the bike goes into a corner super easily and allows you to take the maximum angle into it with incredible ease. It really feels glued to the ground, the wheels bite into the ground and offer the most secure support. Impressive efficiency.**BigBike Magazine**The COMMENCAL keeps its speed very easily on the steep, even in rough terrain and doesn't lose speed on impacts.**BigBike Magazine**
